Dear Mr. Rowley:

Re: Notice of Intention to Commence Small Mining Operations, Rancho Equipment Service, Topaz Valley Limestone Project, S/023/022, Juab County, Utah

On April 30, 1991, this Division received a Notice of Intention to Commence Small Mining Activities from Rancho Equipment Service. The proposed Small Mining project is located on BLM managed lands located in the SW/4 and the SE/4 of Section 21, T13S, R11W, SLBM, Juab County, Utah. Your agency's designated mining claim number for this project is not referenced on the notice, however the claim numbers are 194147 and 194148. Pursuant to our joint agency Memorandum of Understanding, your office would be the designated "lead" agency in processing this application.

This letter is to inform you that the Division has evaluated the above mentioned Notice of Intent for completeness. The Notice does meet the requirements of Rule R613-003 of the 1988 Division of Oil, Gas and Mining Minerals Rules, and Title 4-08 et seq of the Utah Mined Land Reclamation Act of 1975.

It is understood that your office, acting as "Lead Agency" will notify the operator accordingly. Please provide us with a final copy of your completeness letter to the operator.

It is our understanding that this operator has filed an exploration notice and a Plan of Operations with your office for this project. We are in receipt of your letter dated April 25, 1991, regarding the incompleteness of the Plan of Operations. We have enclosed a copy of the operator's Small Mining Operation NOI as filed with this office for your reference and review. The operator has agreed to provide a supplemental drawing of the proposed mine site area, detailing the specific facilities to be implemented onsite.

During an April 30, 1991, meeting in our office, we advised Mr. Day and Mr. Bob Thomas that this Division would require significantly more detailed information before we could approve a large mining operation (i.e. >5 acres). We also advised the operator that we would direct our review comments and approval of this notice through your office.

Thank you for your cooperation. If you receive further information or amendments for this operation, please notify us so we will be able to update our files. Please reference our designated file number S/023/022 when forwarding additional information on this project to us.

Sincerely,
